

White Teak Shutters

Our White Teak timber shutters are our flagship wooden shutter range. Made from 100% eco-friendly hardwood, this premium range will complement and enhance any interior style.

ECO-FRIENDLY

Our White Teak Shutters are manufactured from responsibly harvested timber sourced from Forest Stewardship Council™ (FSC™) plantations.

White Teak is:

- From the same botanical family as teak, with a decoratively silky figure, tight grain and pale silvery colour.

NATURAL BEAUTY

- Dimensionally stable making it perfect for the manufacture of shutters.
- Naturally resistant to wood-boring beetles.

THE PERFECT RAW MATERIAL FOR PERFECT SHUTTERS

HINGED • BI-FOLD • BY-PASS

SMOOTH OPERATION

QUALITY IN THE MAKING

Made from 30% more timber than our Normandy Shutter range, White Teak Shutters are more robust and have the widest panel option.

- Overlapping rabbit stiles for improved light block-out and privacy.
- Reinforced engineered stiles with laminated timber core for high level of durability and structural integrity.
- Mortise and tenon joints to withstand shear stress and twisting forces.
- Our prescribed conditioning dries the wood to emulate the environmental conditions of the shutter location. This reduces post-installation shrinking and swelling.
- Quarter sawn louvres give a tighter grain and higher dimensional stability to resist cupping, twisting and warping.
- Finished with 30% more paint and two additional hand sanding and finishing sequences than our Normandy Shutters, for a premium finish.

CHOICE FINISHES

- Special shaped shutters for angled and curved openings
- 3 louvre sizes – 63, 89 and 114mm
- 3 tilt rod options – traditional, off-set and secret tilt
- Widest range of frame choices on the market
- A standard palette of over 60 natural and solid colours or stains, as well as custom colours
